UNIVERSITY OF MASSACHUSETTS BOSTON
Department of Management Science and Information Systems
Two Full Time Lecturers

The Department of Management Science and Information Systems at the University of Massachusetts Boston invites applications for two Operations/Quantitative Methods full-time Lecturer positions starting September 1, 2014. Preferred areas of interest include Supply Chain Management, Service Operations, and Statistics.

**Minimum Qualifications:** Ph.D. in Operations Management or a Master degree in a related discipline from a well-recognized university with a strong commitment to excellence in teaching.

The department is part of the AACSB-accredited College of Management, which offers two bachelor and five master's degrees; a doctoral program started in Fall 2012 with an MIS track launching in 2016. Total enrollment has grown rapidly to about 2400 students and the college is home to several thriving business centers. The individual hired will have a major role in the development of the PhD curriculum and will be instrumental in the delivery of doctoral courses. UMass Boston (www.umb.edu) is a Carnegie-classified research-high university, located on Boston harbor in one of the most intellectually rich and innovative cities in the United States.

Review of applications will begin immediately and continue until the position is filled. Salary and benefits are competitive. Applicants should send curriculum vitae, teaching portfolio, and names and contact information for three references online:
