Position Title:
Assistant/Associate Clinical Professor, Decision Sciences

One of Philadelphia’s top 10 employers, Drexel is a major engine for economic development in the region. The Philadelphia Business Journal ranks Drexel as one of the healthiest employers of Greater Philadelphia. The University welcomes the richness diversity brings to the workplace and is committed to being the nation’s most civically engaged university, with community partnerships integrated into every aspect of service and academics.

The mission of the University is to fulfill our founder’s vision of preparing each new generation of students for productive professional and civic lives while also focusing our collective expertise on solving society’s greatest problems. Drexel is an academically comprehensive and globally engaged urban research university, dedicated to advancing knowledge and society and to providing every student with a valuable, rigorous, experiential, technology-infused education, enriched by the nation’s premier cooperative education program.

Job Overview:
Decision Sciences and Management Information Systems at Drexel University invites applications and nominations for a clinical (non-tenure track) faculty position at the assistant or associate professor level in the fields of Business Analytics and/or Statistics beginning March 2014. This is a full time position. The LeBow College of Business is especially interested in qualified candidates who can contribute to the diversity and excellence of the academic community.

Qualifications:
Candidates must demonstrate evidence of teaching excellence, and be able to teach at the undergraduate and MBA levels. Candidates holding a Ph.D. or expecting Ph.D. degree in Business Analytics, Applied Statistics, Operations Research, Operations Management, Industrial Engineering, or a related area will be given preference. Candidates will be considered for their ability to teach at the undergraduate, MBA and MS levels.

- Prior experience with university academic budgets preferred.
- Experience with SCT Banner and Hyperion preferred.
- Proficiency with Microsoft Office.
- Strong customer service skills.
- Excellent organization skills and attention to detail.
- Strong written and verbal communication skills.
• Ability to work effectively in a fast-paced, deadline driven, environment and to juggle several projects at once with a spirit of flexibility and positive outlook.
• quick learner, openness to change, agile, technical abilities are critical

Essential Functions:
Full time faculty member is required to teach at least 3 out of 4 quarters per year.

Teaching requirement will mostly consist of introductory statistics courses required at the undergraduate, Masters, and MBA levels, with face-to-face, online, and hybrid delivery options.

Other duties as assigned.

Supplementary Posting Information:
Drexel University's mission is to serve students and society through comprehensive integrated academic offerings enhanced by technology, co-operative education, and clinical practice in an urban setting, with global outreach embracing research, scholarly activities, and community initiatives.

Drexel University offers an attractive benefits package including tuition remission, a generous retirement package with matching funds (up to 11 percent) and an opportunity to join a talented team of professionals directly helping the University achieve its record growth and quality reputation.

Drexel University is an Equal Opportunity/Affirmative Action employer, welcomes individuals from diverse backgrounds and perspectives, and believes that an inclusive and respectful environment enriches the University community and the educational and employment experience of its members. The University prohibits discrimination against individuals on the basis of race, color, national origin, religion, sex, sexual orientation, disability, age, status as a veteran or special disabled veteran, gender identity or expression, genetic information, pregnancy, childbirth or related medical conditions and any other prohibited characteristic. Please visit our website to view all University Policies and Workplace Postings.

Background investigations are required for all new hires as a condition of employment, after the job offer is made. Employment will be contingent upon the University’s acceptance of the results of the background investigation.
