## REFERENCE GUIDE

Actions taken by the Institute's Board of Directors are coded by year and month of adoption. Numerical reference is made to the specific meeting at which the policy or procedure was adopted. Thus, (74-10) refers to an item adopted at the October 1974 meeting of the Board in Atlanta, Georgia. Reference is made if a policy or procedure was adopted by an executive body, other than the Board. Action items that are not policy, but are useful information, are placed in parentheses.
